AN EPIC JOURNEY FOR THE EASTERN WILDWAY™

LEGEND

- Trail route
- Side trail loops
- Trail legs
- "Trail Break" cities

THE EASTERN WILDWAY is a vision for wildlife habitat connectivity in the eastern U.S./Canada. Comprised of six ecoregions, the Eastern Wildway provides a framework within which local, state, federal and private land managers can collaborate to connect and restore habitat to ensure the survival of native species and the health of local communities.

Eastern Wildway Ecoregions:

- Northern Appalachians
- Central Appalachians
- Northeast Atlantic
- Southern Appalachians
- Southeast Atlantic
- Central Gulf Coast and Interior Southeast
